BEST PRACTICE 1

Financial Assistance for Purchase of Books/ Study Materials to needy and meritorious Students

The college has taken major efforts to facilitate the enrolled learners in every possible ways. Majority of the students in the college belong to minority sections and are first generation learners whose family incomes are mostly within Rs. 5000/- per month (estimated on the basis of income certificates submitted by candidates during admission time duly signed by councilors). So the college has felt the need to empower these meritorious but needy students in the best possible way by granting them book grant facilities keeping in mind the Central Government Scheme "*Beti Bachao Beti Parhao*".

This initiative of the college from the very inception is one of the best practices organized by Students Welfare subcommittee every year. In every academic session, when new students enroll for Semester 1, they are made aware about this unique facility of the college on the Orientation Day by the Students Welfare Subcommittee members.

Under this Book Grant facility offered by the college, the needy and meritorious students are provided with one -time financial assistance to buy books and or contingency materials depending on their family means and merits. Students notice for the same with detailed instructions for applying under the same are circulated by the Students Welfare Subcommittee in the college notice board and in the website. The newly admitted students of Semester 1 (those interested) apply in plain paper addressing the Principal of the college stating the reason behind the requirement of this book grant. Then an interview is arranged for the applicants from Semester -1 Batch. The selection is conducted by the interview in presence of Students welfare sub-committee members, the Principal and the IQAC coordinator. Final selection of students is done on the basis of the interview. The grant is paid from the Students Welfare Fund of the college. The grant amounts to the applicants vary based on family means, their genuine needs and the final score in the last passed examination at 10+2 level.

During the pre Pandemic sessions 2018-2019 and 2019-2020, the students selected under the Book grant were asked to provide the books list they needed based on grant amount in consultation with the department teachers and the subcommittee members took the responsibility of purchasing the books and handover the same to the respective students. But in the post pandemic sessions from 2021-2022, the students purchase the books by their own and submit the bills to the subcommittee members. Then after the physical verification of books with the bills the grant amount is transferred to the respective candidates bank account through online mode.

BEST PRACTICE 2

" India has been the land of philosophers and the home of spiritualism. It has given birth to various religions which teach the world the lesson of peace, harmony and love".

- -----Swami Vivekananda

We believe in this eternal truth that, ' it is not the honour that you take with you, but the heritage you leave behind ',as Branch Rickey said.

India is a land of rich tradition where history of religion, philosophy, language, literature, art, music, dance, craft, heritage of culinary, above all the whole cultural milieu creates a symphony of plurality and diversity.

An academic institution should not be confined into the syllabus and examination. Our responsibility is to extend the value of education to our students, into the deep root of our country's heritage. Therefore, the idea to establish a Heritage study centre is inculcating for students' value added education.

The Vision and Mission of The Heritage Study Centre formed in the session 2019-2020

VISION

1) The Heritage study centre can play an important role to promote, preserve and create documents on Indian cultural heritage and Indian identity. The faculty members and the students associated with this centre might trace the society's roots of extinct culture.

2) The Heritage study centre is designed to create awareness about the rich tradition of the locality and generating interest and basic understanding about the Indian cultural heritage among our students.

3) This centre aims to make a bridge between the local communities and our institution. Our socio -academic interest is to create awareness regarding the local history and rich Indian tradition among the neighbouring people. The Heritage study centre can foreground the rich aspects of cultural heritage of this locality by unearthing interesting tells of communal harmony.

4) This centre aims to rediscover the lost stories of nineteenth centuries literary stalwarts of this area. One of the greatest contributors of Bengal Renaissance, Michael Madhusudan Dutt, Hem Chandra Bandyopadhyay and their literary works contains the heritage of this area as well. The centre is also keen to organise seminar, heritage walk(to the residence of Poet Madhusudan Dutt at Khiderpur), Film show to rediscover the cultural heritage.

5) Our vision is to develop the skill of our students in mainly three fold ways--- (a) to give them exposure to multiple academic events (b) to encourage them for presenting papers, making short videos, cultural shows, organising and conducting prestigious festivals, (c) awarding certificates as a mark of recognition of their efforts.

(6) The Centre 's vision is to create heritage volunteers amongst students, with proper knowledge, for heritage walk and guided heritage tour.

(7) Thus the centre aims to create opportunities for the students to build further careers in Tourism Management courses too.

(8) The Heritage study centre offers alternative space for study regarding our heritage and deep rooted Indian culture to our students -----★ by landscape documentation, ★ Digital Training, ★ Interviewing local people,★ making

independent documentary films ★ Cultivating the culture of unique food, oral history, craftsmanship, as a symbol of local heritage.

(9) Thus, the centre aims to create opportunities to open self help groups, start up businesses by our students in future, for their economic support.

(10) Our vision is to have a collaborative publication unit, which will regularly publish articles, books, photo stories related to the locality and beyond.

(11) The heritage study Centre's most important vision is to organise workshops, conferences, seminars, awareness programmes, festivals to project the syphony of cultural milieu.

Events organized by the Heritage Study Centre

With the objective for inclusive development of the learners and to generate awareness regarding the rich local history and Indian tradition of the locality of Kidderpore- Mominpore- Ekbalpur area, the study centre in collaboration with IQAC has already arranged two diversity programs/ events within the college premises - one in November 2019 before the Pandemic and another in November 2022 in the post Pandemic period involving the local community and NGOs within the tenure of 2019-2020 to 2022-2023 session .

Event 1

A brief report on Diversity Festival – Calcutta 23 in November 2019

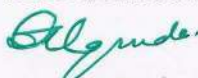

Concept Note of the Diversity Festival :

*“Mujhmein Geeta ka saar bhi hai, ek urdu ka akhbaar bhi hai
Mera ek mahina Ramzan bhi hai, maine kiya toh Ganga snaan bhi hai”*

These lines from Hussain Haidry’s celebrated poem „Hindustani Musalmaan“ (2017) aptly describe the cosmopolitan nature of the main port area of the city of Kolkata – Kidderpore. Kidderpore area (comprising of Kidderpore, Mominpore and Ekbalpore) is not only noted for its chequered past but is still holding on to its pluralistic present. Amusingly enough, the multiplicity of Kidderpore is often mistaken to be a „melting pot“ where „other“ cultures have faded into oblivion to give way to a hegemonic, dominant Muslim culture. This assumption is might be statistically true but its ambience is multi-ethnic. In „Ekbalpore: A Study in Contrast“ Syeda Ayesha Ali pertinently describes the cosmopolitan vibe of the area: “Residents (here) wake up to the call for the morning prayers, *Fajr Azaan*, and if they are still in bed this is followed by the sound of Church bells to rouse them (*Strangely Beloved* 133)”. The coexistence of English, Urdu, Oriya, Hindi, Bengali medium schools in the Kidderpore area bear out the point. Once a home to three of Bengal’s most prominent poets, this area champions in polyphonic life styles. Therefore, Kidderpore area, like a „salad bowl“, continues to nourish *Masjids* and *Imambaras*, along with Temples and Churches.

While some parts of our history and culture enjoy prominence, some risk being lost in the sands of time. Despite being the main port area of the city of Kolkata, which results in Kidderpore being one of the oldest yet busiest areas of the city, the metanarrative of Kolkata’s history have hardly included the potent mini narratives of the richly layered Kidderpore area. Thus, Kidderpore area remained as one of the lesser discussed and seldom visited places by the city’s educated middle classes and elites. Time has come to re-investigate this politics of representation, to unearth the cause of this exclusionary treatment, to interrogate whether Kidderpore area is really a Muslim „ghetto“ as portrayed in modern times by popular media or a proper amalgamation of everything that the city stands for.

The nature of the Diversity Festival organized by the Heritage study centre with IQAC of the college in November 2019 was in tune with its theme – *diverse*. Without restricting to a stereotypical, uniform, and formal structure, the celebration was split up into a number of micro activities which included neighbourhood walk, lectures on relevant issues by public figures, screen issue-based films, discussion on aspects of communal harmony during the day. Evenings, on both the days, would be replete with cultural programmes. Food kiosks comprising of local delicacies. These were expected to enhance knowledge about intangible cultural heritage of the area. Art installations would preach messages of peace and harmony. Most importantly, the festival brought the artists, activists, teachers, students from different colleges, communities, school children, career counsellors, documentary film makers, etc under a rainbow umbrella .

The festival was held on 29th and 30th November, 2019 at **Government Girls' General Degree College, Ekbalpore, a newly established government college in Mominpore.** Majority of the students as well as all the casual staff members belong to Kidderpore area. Since teaching and non-teaching members of the college, inhabiting from different parts of the State, are interacting with them on a daily basis, they have come to acknowledge the immense socio-cultural potential of the area. Collaboration with „Know Your Neighbour“, (an organisation which has been established in 2016, the same year as this college) was directed to convey a message of communal harmony, peaceful co-existence through intercultural dialogues and thereby attempting to build bridges amongst people, particularly at this time of social unrest. This programme was a part of College's extension activity that gave the college an opportunity to establish a network with its neighbourhood. It provided the students with an awareness and knowledge of the rich local culture and history that mostly go unnoticed in the general humdrum of life. They enjoyed the privilege of listening to a 13th century Urdu oral story telling art form, *Dastangoi*, in Urdu and Bengali. They also got familiar with various job opportunities in the Career counselling sessions on both the days of the festival. Film shows and documentaries, on topics of contemporary relevance enhanced their sensibilities and raised awareness on pertinent topics which guided them towards a better understanding of the social situation that surrounds them. The festival offered the students an enviable platform to showcase their talents in different co-curricular and cultural activities like poster making, designing rangoli, skit and verse dance programmes. In short, through this Diversity Festival the students got an unique opportunity to experience a cultural environment (which they have never experienced before) and to map future avenues in their lives.

A women's college located in Kidderpore, a neighbourhood sitting on the southeast edge of Kolkata, is planning to use food as a medium to culturally join the Muslim dominated area with the mainstream, and build bridges between communities.

The Government Girls' General Degree College in Ekbalpore, one of the pockets of Kidderpore, will host a heritage food fest, Khana-e-Kidderpore, on November 22, as part of World Heritage Week. The event which will include talks and panel discussions, would progressively culminate the whole region of food that is celebrated with pride of community.
